Dear Mayor & Council,

The Red Lake Touring Region is exploring the development of a new Tourist Information outlet. This idea is in the conceptual stage and is being looked at pragmatically as a means to provide a successful service in a practical and cost effective manner.

The outlet would of necessity be modest and would by choice be located adjacent to Highway 105 near the entrance to either Red Lake or Ear Falls. The outlet could be housed either by itself or as a part of another compatible facility.

The Red Lake Touring Region is writing to ask Councils in Ear Falls and Red Lake whether they can suggest possible opportunities which exist in their community.

Thank you for your consideration.

Sincerely,

Ron Robinson  
Red Lake Touring Region

Hi all;

In light of our lack of both meeting & time right now,

I called Kimberly and thanked her and said that yes, we were just getting started and we would contact her as we go forward.

Ron

Good afternoon,

This email was received in response to your request re: tourism information centre in Ear Falls.

I am not sure if this is something you would like to pursue immediately or if this can be slotted for the August meeting.

Subject: RLTR - Tourist Information Outlet

Hello Ron, The Council of the Township of Ear Falls reviewed your letter dated June 10, 2010 regarding the development of a new Tourist Information Outlet in the region. Council indicated that the Ear Falls Tourist Information Centre located at the Ear Falls Waterfront Park on Highway 105 might be a suitable facility for this purpose and have requested further information on what this would entail. I understand that the RLTR is beginning to explore this initiative so please feel free to contact me if you would like to discuss this opportunity further.
